Subject: ISO/IEC DIS 10918-1 ("JPEG Part 1") approved as CCITT T.81

Please find attached the official CCITT Circular No. 165 announcing that on September 19, 1992 T.81 ^{was} ~~has been~~ officially approved by CCITT as their Recommendation.

Please remember, that the plan still is to have identical text for the CCITT Recommendation and the ISO/IEC standard. For this reason a revision of CCITT T.81 is planned at the beginning of the next study period, likely in 1993, when ISO/IEC 10918 is adopted as International Standard.
